JANUARY 2014

FROM THE EDITOR-----BILL, N8NJA [bkn8nja@att.net](mailto:bkn8nja@att.net)

Hey, how about this a newsletter! As you will notice it is not the usual format and that is because I can not type much or even write much do to the medication I take. I don't what the deal is but I can type about a 4 line email or write out a check and then I can not control the fingers enough to be efficient. So everything you see will be items I could cut and paste. I hope this is a hint, that if you send me items I will be able to put together a newsletter!

I want to thank Chris, KC8ZMN for putting together a net list. That was the main reason I could put this together and also allowed me the catch up on some of the net member profiles. I want to say a special Hi to Cliff, KC8NVI. Having spent 2 weeks in the hospital I have to take my hat off to Cliff. I don't know how he was able to tolerate all the time he spent in the hospital If he survived that I know he will do well now that he is home. Now I am starting to make a lot of mistakes so I guess I am done with this . Thank everyone for the all the prayers and kind thoughts.
